VENERA FINANCE

Venera Finance

Venera Finance forms the backbone of our ecosystem, bringing together engineers, researchers, designers, and entrepreneurs committed to delivering superior blockchain services.

We focus on improving existing products and innovating new ones to build a comprehensive decentralized infrastructure that is easily accessible and beneficial to users worldwide.

VENERA FINANCE

CRYPTOCURRENCY EXCHANGE

VeneraSwap

VeneraSwap is our innovative decentralized exchange, employing the veToken Model and introducing iVSW. Users can lock VSW tokens for a user-defined period (1 month to 4 years) to receive iVSW in a 1:1 ratio.

VeneraSwap is audited by Solidity Finance and has completed KYC with Ape O'Clock, ensuring a secure and reliable platform. Key features include:

- **Farm Boosting up to 2.5x**
- **Gauge and Emission Control**
- **For Redistribution to iVSW Holders**
- **Referral System**
- **Limit Orders**

VENERA FINANCE

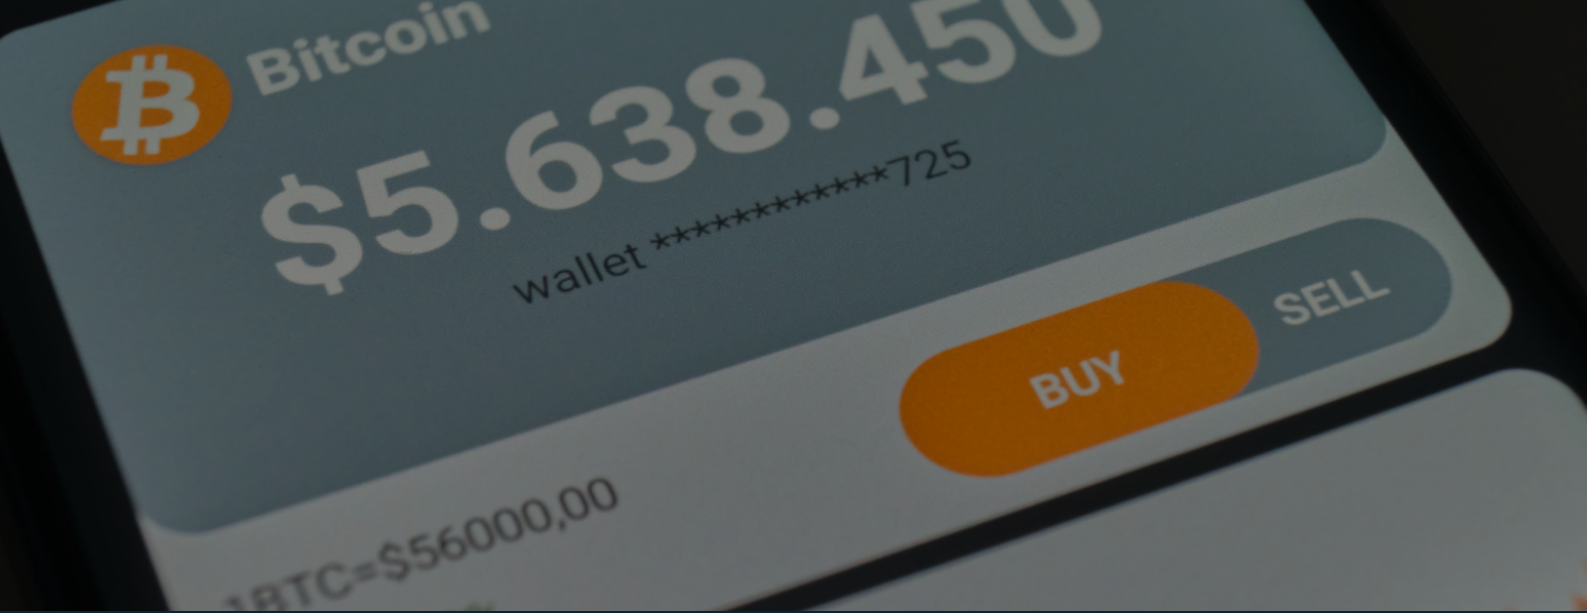

VeneraNFT Marketplace

Our NFT marketplace aims to revolutionize the way we interact with digital assets by enabling the creation, trade, and usage of NFTs for a wide range of items, such as art, certificates, audio, video, domains, poetry, tickets, and educational content.

VENERA FINANCE

Venera Wallet

The Venera Wallet is a non-custodial, multichain wallet with integrated web3 functionality, offering easy access to the VeneraSwap DEX and the NFT marketplace. This all-in-one app enables users to access the entire ecosystem and transact securely and seamlessly.

VENERA FINANCE

Venera Academy

Venera Academy serves as an educational hub for crypto enthusiasts, providing high-quality blockchain and crypto education.

Our academy offers courses, news, articles, tests, and boot camps, empowering users to excel in the world of decentralized finance.

VENERA FINANCE

VeneraChain

VeneraChain is our energy-efficient, scalable, and decentralized blockchain solution that incorporates smart contract capabilities, on-chain governance, and enhanced security features. It is designed to be the foundation of our ecosystem and support 3rd-party builders.
